**Data Warehousing
and
SQL**

Instructor: Valeriy Shevchenko

Northeastern

CLASS INTRODUCTION

HOUSEKEEPING

Agenda:

- Overview of course concepts
- Review Syllabus
- Get to know each other

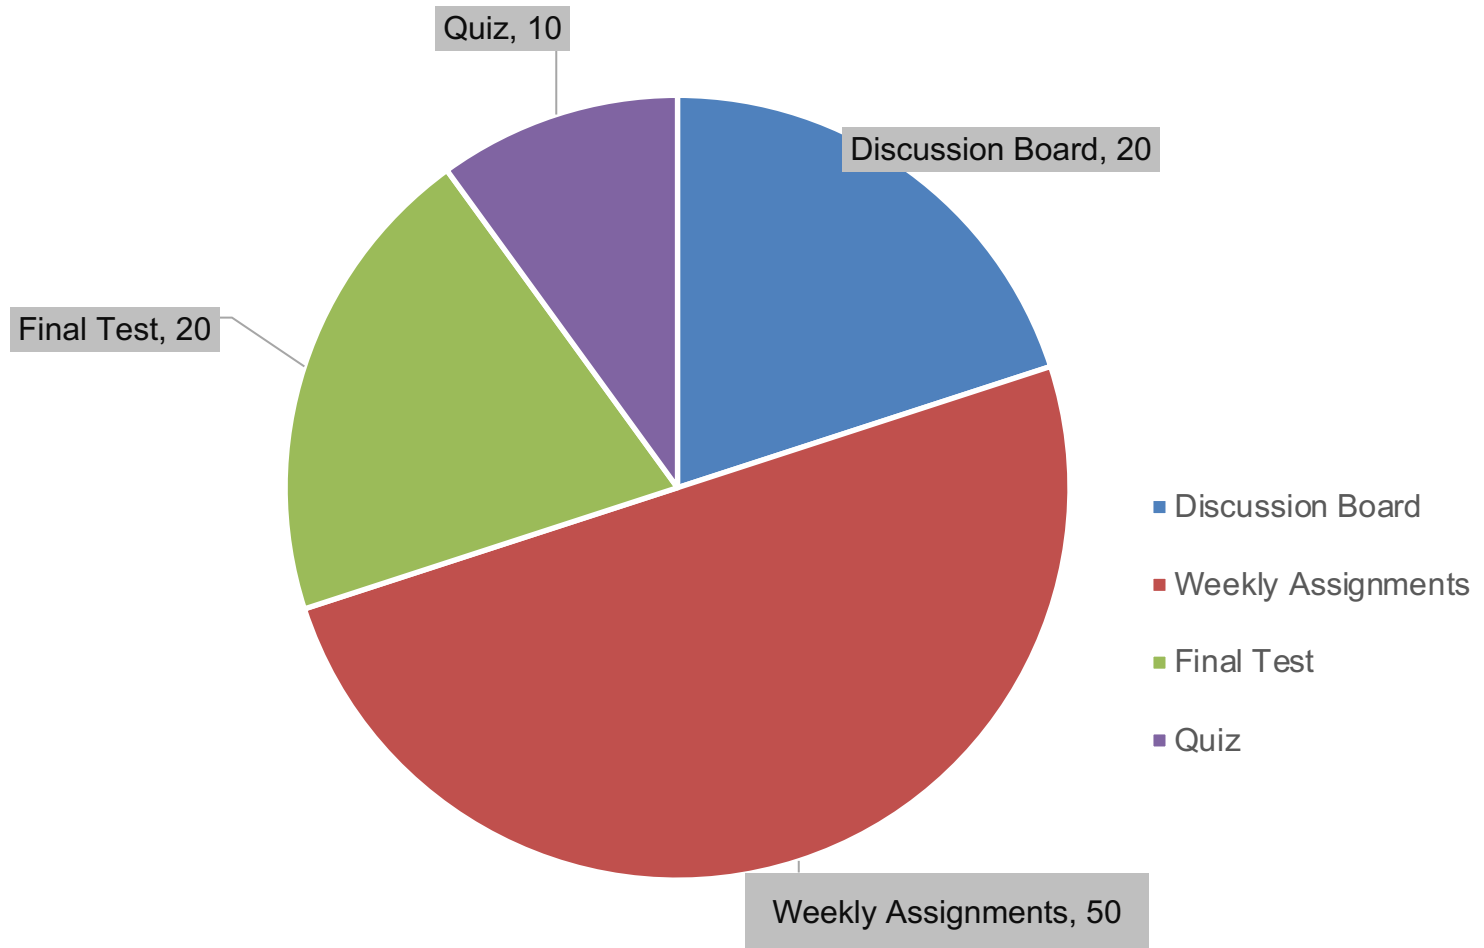

HOUSEKEEPING

Course workload:

- Weekly readings:
 - Book readings to teach core concepts
 - Additional readings to provide examples of concepts
- Weekly online lecture materials.
- Weekly discussion board participation opportunities.
- Weekly assignments.
- Final project.

HOUSEKEEPING

Grading:

HOUSEKEEPING

Important assignment guidelines

- Participation scores will be weighted equally
- Exercises will be weighted equally
- Late work will not be counted, unless prior arrangements have been made for an extension for a valid reason
- Everything should be in your own words or in quotation marks; verbatim definitions from Wikipedia or the dictionary should not be used
- If quoting a source, do not quote more than about 50-75 words per source. A “500 word” essay containing a 250 word quotation of someone else will not be graded as if you wrote the 500 word essay.
